Notice: about this report

This report has been prepared by the Administrators solely to provide creditors with additional information concerning the progress of the administration in accordance with Rule 18.3 of the Rules. Nothing in this report should be relied upon for any purpose including, without limitation, in connection with any investment decision in relation to the debt, securities or any other financial interest of any member of the KSF Group including for the avoidance of doubt any decision to buy or sell or not to buy and sell any debt, securities or other financial interest. Anyone making such investment decisions should rely on their own enquiries prior to making such decisions and none of the Administrators, Ernst & Young LLP, its partners, members, employees, professional advisers or agents accept any liability and/or assume any duty of care to any third party, (whether it is an assignee or successor of another third party or otherwise) in respect of this report.

No representation or warranty, express or implied, is given by KSF, the Administrators or Ernst & Young LLP or any of their respective directors, partners, officers, affiliates, employees, advisors or agents (and any warranty expressed or implied by statute is hereby excluded) as to the accuracy or completeness of the contents of this report or any other document or information supplied, or which may be supplied at any time or any opinions or projections expressed herein or therein, nor is any such party under any obligation to update the report or correct any inaccuracies or omissions in it which may exist or become apparent. In particular, for reasons of commercial sensitivity, information on certain matters has not been included in the report.

No responsibility or liability is accepted for any loss or damage, howsoever arising, that you may suffer as a result of this report and any and all responsibility and liability is expressly disclaimed by KSF and Ernst & Young LLP or any of them or any of their respective directors, partners, officers, affiliates, employees, advisors or agents.

The information contained in this report has been prepared by the Administrators. In preparing this report, the Administrators have relied upon information from the KSF Group records. Although the Administrators have no reason to doubt the accuracy of that information, they are unable to warrant or represent that it or any information provided by a third party is accurate or complete. The Administrators act at all times solely as agents of KSF and without personal liability.

Please note that amounts included in this report are stated in Sterling. However, there are some realisations and payments that are denominated in other currencies and, therefore, may be subject to foreign exchange movements. These foreign exchange movements have been highlighted as foreign exchange gains/losses in the receipts and payments account.

The estimated outcome described in this report is provided as an illustration only and may not represent the actual value of future dividends which may be paid to creditors. A number of assumptions have been made to arrive at these figures, some of which may prove to be incorrect. Any actual future dividends received by creditors will depend on a number of factors including the actual realisations of KSF and its actual liabilities. Clearly, an increase or decrease in the asset realisations and/or an increase or decrease in the liabilities of KSF will impact the final outcome for creditors.

1. Introduction

Background

On 8 October 2008, KSF entered into administration and ME Mills, AR Bloom, PJ Brazzill and TM Burton were appointed to act as Administrators by order of the High Court in London. TM Burton was replaced by BT Cairns on 26 April 2013, BT Cairns was replaced by RP Barker on 7 April 2017, AR Bloom was replaced by SJ Edel on 22 January 2020 and ME Mills resigned on the same date.

Under the terms of the appointment, any act required or authorised to be done by the Administrators may be carried out by any one of them.

For all other statutory information please refer to Appendix B of this report.

This report, including its appendices, constitutes the Administrators' twenty-fifth six monthly report on the progress of the administration pursuant to Rule 18.6 of the Rules. This report provides details of the work undertaken in the period 8 October 2020 to 7 April 2021 and should be read in conjunction with the Administrators' previous reports and updates and certain other formal announcements.

Copies of the above documents and other announcements are available on the KSF website, www.kaupthingsingers.co.uk.

Summary of the administration objectives

The objective of the administration is to realise KSF's business and assets in a manner which will result in a more advantageous realisation for KSF creditors as a whole than would be achieved on a winding up (a formal liquidation, as defined in the Act), without first being in administration. Additionally, for the first six months of the administration, the Administrators were directed by the Transfer Order to achieve the Overriding Objectives of:

- Ensuring that KSF provides, and manages the affairs, business and property of KSF to enable it to provide, the services and facilities reasonably required by ING to discharge its obligations in respect of the rights and liabilities under the second transfer (as defined in the Transfer Order).
- Ensuring that KSF performs the other obligations imposed on it by or under the Transfer Order.

As reported previously, the above Overriding Objectives have been completed.

The key remaining aspects of the administration are the recovery of the outstanding loans from the banking loan book.

Creditors' Committee

The Administrators and their staff continue to meet regularly with the Creditors' Committee to provide them with our reports on the progress of the administration and to consult with them on any major matters, by way of conference calls. These and other Committee matters are dealt with separately in the body of this report.

Permission to make distributions and extension to the administration

The Administrators have applied to, and received permission of, the Court to make distributions to unsecured creditors pursuant to Paragraph 65(3) of Schedule B1 to the Act.

Creditors will be aware that the Court granted a fourth extension to the administration to 7 October 2021. The Administrators are still working to conclude the administration without the need for a further extension application. However, this timeline continues to be under review and is contingent on the Administrators being able to realise the remaining assets of the estate and finalising the exit of certain indemnities previously provided by KSF.

The Administrators may need to apply for a further extension to the Court during the next reporting period, and creditors will be notified should this be the case.

Future reporting

The Administrators' next formal report to creditors will be in approximately six months' time covering the period from 8 April 2021 to 7 October 2021, or sooner, should the administration be concluded before then.

2. Summary of key developments Progress in the period

The body of the report details the major areas of progress since 8 October 2020, the areas of particular significance being:

- ▶ Banking loan book recoveries of £3m, increasing total loan recoveries to £2,341.5m as at 7 April 2021;
- ▶ Loan book recoveries in respect of St Lucia;
- ▶ Repayments from the Barbados loan book; and
- ▶ The sale of the remaining Barbados loan book.

Full details of recoveries made for the period of this report together with the total realisations to 7 April 2021 are set out in section 3 below and in the Administrators' receipts and payments account at Appendix A.

Dividends to creditors

On 12 November 2020, the Administrators announced their intention to pay the twenty first dividend of not less than 0.1p in the £. Subsequently, the twenty first dividend of 0.13p in the £ was declared and paid on 16 December 2020, taking cumulative dividends to 86.8p in the £.

A number of dividend payments have been returned to KSF in respect of incomplete bank transfers as a result of creditors not notifying the Administrators of changes in their banking details. The Administrators have made attempts to return these funds and, as at 7 April 2021, a balance of c.£242k remained outstanding to be returned in this respect. Of that sum, two creditors have contacted the Administrators with updated information and c.£238k has now been or is being repaid to those creditors. The Administrators continue their attempts to make contact with the remaining creditors in order to return the balance of returned funds that are currently being held.

The estimated total dividend to non-preferential creditors has been reviewed by the Administrators, and the range is now expected to be 87.0p to 87.1p in the £.

The Administrators declared a further dividend to unsecured creditors on 28 April 2021 of 0.1p in the £, outside the period covered by this report.

Overall Strategy in the administration

The strategy for the realisation of the remaining assets of KSF and the closure of the administration has been discussed at conference calls with KSF's Creditors' Committee held in November 2020 and March 2021 respectively. At a meeting held in March 2021, it was unanimously agreed by KSF's Creditors' Committee that the Administrators should continue to pursue the strategy to seek closure of the administration by October 2021, subject to market conditions.

During the period, various aspects of the administration have been delayed (in particular those listed below) due to the effects of the COVID-19 pandemic, which may necessitate an extension of the administration beyond October 2021:

- ▶ The marketing of the St Lucia loans and KSF's remaining assets; and
- ▶ Finalising the exit of certain indemnities previously provided by KSF.

Accordingly, the Administrators may need to consider continuation of the administration beyond the end of the extension period to allow these outstanding matters to be dealt with and bring matters to a close. Creditors should note that the Administrators consider the extension route as a viable option, in the event the above matters are not able to be concluded prior to 7 October 2021; and if there is a benefit to creditors in doing so.

3. Update on conduct of the administration

Banking loan book

KSF loan books

As previously reported, KSF's loan book comprised three portfolios, being corporate, property and private banking. The net book values of each loan book, as detailed on the SoA, together with collections to date are set out below:

(£'m)	SoA net book values as at 8 Oct 2008	Actual capital cash collections to 7 October 2020	Cash collections in 6 months to 7 April 2021	Actual total cash collections to 7 April 2021
Corporate	631	774	-	774
Property	864	662	3	665
Private Banking	1,115	903	-	903
Total	2,610	2,339	3	2,342

Notes:

1. Receipts are stated gross of presentational foreign exchange differences and USD transactions during the period are converted to sterling at month end exchange rates.
2. Total column rounded down to nearest £'m.

Loan book recoveries in the period from 8 October 2020 to 7 April 2021 total c. £3m.

The estimated future realisable value of the loan book has reduced from £4.2m as at 8 October 2020 to £1.8m as at 7 April 2021, comprising £0.1m from the private banking book and £1.7m from the property banking book.

It should be noted that the estimated future realisable value of the loan books is contingent on the closure strategy and may require taking the assets to market in advance of their repayment dates in order to be able to conclude the administration by October 2021.

In addition, of the estimated future recoveries, the majority are subject to continuing difficult market conditions and all are subject to foreign exchange exposure.

It has been reported previously that no further recoveries are anticipated in respect of the corporate banking loan book. In addition to the private banking and property banking loan book accounts mentioned below, there are further accounts related to insolvent estates of borrowers / guarantors that are being monitored by the Administrators, on a reactive basis, with six or twelve month periodic reviews, as they may realise additional funds for the benefit of creditors.

Based on current information, and as previously mentioned, the Administrators envisage that the remaining loans in the private and property loan books are capable of being realised by 7 October 2021 (subject to the exit of certain indemnities previously provided by KSF).

Private Banking

As at 7 April 2021, the private banking book includes an account for one remaining borrower, which is a loan outstanding to a private client that is not yet due for repayment. The Administrators approached the borrower to discuss the possibility of early settlement. Following these discussions an offer of 15% of the gross outstanding debt was made by way of full and final settlement, which was declined by the Administrators.

The Administrators finalised a fact sheet to circulate to potential buyers during the period and in December 2020, the Administrators received an indicative offer of 25% of par from a third party. The Administrators rejected the offer at that time on the basis that the administration was expected to run for at least several more months and, as such, accepting the offer may not have resulted in the best return to creditors.

The Administrators continue to monitor the situation and are currently looking to market the loan again.

Property loan book

The property loan book consists entirely of loans secured on overseas properties, which are situated in Barbados and St Lucia.

Recoveries from the property loan book during the period amounted to c.£3m, and related to the St Lucian loan book receipt in early January 2021 of c.£713k (\$1m) and c.£2.2m in respect of the Barbados loan book in the form of borrower repayments and consideration for the sale of the residual loan book.

Barbados Loan Book

As reported in our last progress report, steps had commenced to sell the remaining Barbados property loans, and completion took place on 15 March 2021.

St Lucia Loan Book

As reported in the last progress report, the purchaser of the last two St Lucian properties had requested an extension on the timescale for repayment of the final instalments due. This agreement has been documented, and the first two of those remaining instalments have been paid. The Receiver has now assigned the future receivables to KSF and closed the respective Receiverships. The assignment of the receivables to KSF has enabled the Administrators to now explore the potential sale of these assets.

Other Developments

As previously reported, in April 2019 the Administrators submitted a claim on behalf of KSF in the bankruptcy of a guarantor for the sum of \$1.98m plus interest, costs and other charges. By way of reminder, a Bankruptcy Order was made against the guarantor in February 2019 and Trustees in Bankruptcy were appointed in March 2019. Information surrounding KSF's claim against the guarantor was provided in our previous report to creditors.

We understand from the Trustees that a settlement has been reached in respect of legal proceedings related to the guarantor in Iceland and Luxembourg. The Trustees have advised that further details of the settlement and terms will be forthcoming in their next report to creditors to March 2021, which is due to be issued in May 2021.

It is, therefore, not currently possible to estimate the timing or quantum of any potential realisations in respect of this claim. The Administrators may seek to sell KSF's claim in order to conclude the Administration by October 2021.

4. Creditor update

Non-preferential creditors

As at 7 April 2021, the Administrators have adjudicated claims with a gross value of approximately £5.5bn. The claims arise from all aspects of KSF's business but rank equally as non-preferential claims. All received claims have been adjudicated, with claims to the value of c.£4.1bn having been admitted to rank for dividend and claims totalling c.£1.4bn having been rejected. The current estimate of maximum claims is not expected to exceed c.£4.1bn.

Dividends to non-preferential creditors

Details of dividends declared and paid to creditors during the reporting period are contained on page 7 of this report. The Administrators will continue to use the KSF website to provide updates in relation to dividend timing in between progress reports. Creditors should also note that, other than outstanding loan book positions, the majority of the Company's assets have now been collected. Accordingly, the level of future dividend payments will be dependent on the timing and quantum of future recoveries from the loan book.

Estimated outcome for creditors

The Administrators are not in a position to provide confirmation of the exact timing or quantum of any dividends beyond the twenty second dividend at this time. The historical dividend timetable is set out below:

Dividends	Date of Distribution	Quantum (p in £)
First dividend	22 July 2009	20p in £
Second dividend	9 December 2009	10p in £
Third dividend	30 March 2010	5p in £
Fourth dividend	28 July 2010	10p in £
Fifth dividend	8 December 2010	8p in £
Sixth dividend	25 May 2011	5p in £
Seventh dividend	5 October 2011	5p in £
Eighth dividend	2 May 2012	10p in £
Ninth dividend	31 October 2012	3p in £
Tenth dividend	6 June 2013	3p in £
Eleventh dividend	18 December 2013	2.5p in £
Twelfth dividend	10 December 2014	1p in £
Thirteenth dividend	30 March 2016	1.25p in £
Fourteenth dividend	7 November 2016	0.5p in £
Fifteenth dividend	3 May 2017	0.9p in £
Sixteenth dividend	11 December 2017	0.35p in £
Seventeenth dividend	29 August 2018	0.25p in £
Eighteenth dividend	12 June 2019	0.4p in £
Nineteenth dividend	19 December 2019	0.35p in £
Twentieth dividend	31 March 2020	0.17p in £
Twenty first dividend	16 December 2020	0.13p in £
Total paid to date		86.80p in £
Twenty second dividend	28 April 2021	Not less than 0.1p in £

As at the date of this report, the Administrators estimate that total dividends to non-preferential creditors will be in the range of 87.0p to 87.1p in the £. This estimate is based on current forecast recoveries from the banking book, maximum estimates of unsecured claims and current market conditions not deteriorating. The Administrators would stress that this estimate could be lower or higher as there are significant issues which may impact future realisations, and thus the estimate is indicative and cannot be relied upon.

5. Other matters

Receipts and payments account

Attached, at Appendix A, is the Administrators' receipts and payments account for the period 8 October 2008 to 7 April 2021, which includes a summary of the receipts and payments for the reporting period. All receipts and payments are shown inclusive of VAT, where applicable. The Administrators' receipts and payments account is a statement of cash received and cash paid out and does not reflect estimated future realisations or costs.

It should be noted that foreign currency transactions occurring in currencies other than Euro and US Dollar are converted into Sterling using the exchange rate at the date of each transaction. In reports up to 7 October 2017, a column showing presentational foreign exchange movements showed the effect of movement in historical Euro and US Dollar balances, together with the movement of foreign exchange on receipts and payments during the reporting period. The attached receipts and payments account now only translates receipts and payments which transacted during the reporting period in question.

The funds in the Administrators' control are held across a number of clearing banks in order to mitigate risk. Some monies are invested in low risk, short term money markets in order to achieve a greater rate of return than if left in a standard business current account.

Statement of Affairs

As with previous reports, in view of the redaction of the Directors' SoA, the Administrators have not reflected the Directors' estimated to realise valuations as required under SIP 7 in the receipts and payments account attached at Appendix A.

Creditors' Committee

The Administrators report on a regular basis to the Creditors' Committee, which currently comprises three members, on matters of importance in relation to the administration of KSF.

The Committee continues to attend bi-annual formal meetings and ad hoc telephone conference calls and provide their opinions by way of consultation on major issues. We wish to express our thanks for this assistance and the considerable time they have committed to date.

The membership of the Committee at the end of this reporting period was constituted as follows:

1. Cats Protection;
2. Peterborough City Council; and
3. Marble Ridge Master Fund LP.

Subsidiary companies

All subsidiary companies in the KSF Group have been in some form of insolvency process, sold or struck off the company register.

A summary of the direct / indirect subsidiaries which have been placed into solvent liquidation or dissolved via strike off procedure is set out in the table at Appendix C.

Operational matters

Information Technology matters

The Administrators, with the assistance of a former employee of KSF, review KSF's IT systems and costs as an ongoing process. Subject to ongoing business needs, costs are reduced wherever possible.

As mentioned in previous reports, KSF is required to retain data as part of legal and regulatory requirements. A long-term data retention environment has been specified and built, with non-mandatory applications and functions wound down to leave a core of key applications to enable the loan book to continue to be managed and which will allow data to be retained indefinitely to the Administrators' order. Operating and support procedures for this core system have been documented and tested for effectiveness and accuracy.

Services and Secondment Agreements of SFAM

As creditors are aware, the Administrators had continued to use the former banking staff to realise the loan book. The relationship was governed by the seventh SSA, which took effect from 1 May 2018 and expired on 31 December 2020.

The Administrators also entered into a management agreement in respect of the Barbados loan book, whereby a management fee was payable to SFAM for work undertaken in respect of the property management and liaison contact with agents to accelerate and maximise sale proceeds.

As a result of the Barbados loan book sale and assignment, the Administrators decided not to renew the SSA agreement and the management agreement was terminated on 15 March 2021.

Administrators' remuneration and disbursements

It will be recalled that a Creditors' Committee was formed at the first meeting of creditors. The Creditors' Committee resolved that the Administrators' remuneration be fixed on a time-cost basis, and that the Administrators be authorised to draw 80% of their time costs (plus VAT and expenses) on a rolling six-weekly basis with the remaining 20% being subject to approval of the Creditors' Committee.

As part of the ongoing fee approval process, the Committee members receive a comprehensive analysis of the Administrators' costs including time costs by activity and grade together with a detailed fee narrative by each individual work stream.

The Administrators' total hours and time costs (excluding VAT) since the date of appointment are provided below:

Period to	Total time costs (£)	Total hours	Avg hourly rate (£)
to 7 October 2020	76,160,924	191,862	398
7 April 2021	763,273	1,269	602
Totals	76,924,197	193,131	398

As at 7 April 2021, the Administrators have incurred total time costs of £76.9m plus VAT. The total time costs are stated based on the Administrators standard hourly rates. However, based on agreement with the Committee, fees incurred for periods since 1 July 2011 have been invoiced at a discount to the standard hourly rates. The current approved discount is 15% of standard hourly rates, as agreed with the Committee.

As at 7 April 2021, the Administrators have drawn fees in the sum of £74.8m plus VAT representing 100% of approved costs to 30 September 2020 and 80% of approved costs to 28 February 2021.

To date, disbursements of £0.5m (inclusive of Category 2 disbursements) have been incurred and paid. Category 2 disbursements are charges made by the office holders' firm which include elements of shared or overhead costs and are subject to approval of the Creditors' Committee.

In accordance with SIP 9, attached at Appendix D is an analysis of the time incurred and the associated costs for the administration as a whole and the period in question. As previously reported, the above time costs are inclusive of the Administrators' time costs recovered from ING in the amount of £3.5m pursuant to the transfer of the Edge depositors' accounts.

Notes:

1. *In reports up to 7 April 2017, a column showing presentational foreign exchange movements showed the effect of movement in historical EURO and USD balances, together with the movement of foreign exchange on receipts and payments during the reporting period. The receipts and payments account now only translates receipts and payments which transacted during the reporting period in question.*
2. *Receipts and payments are stated gross of presentational foreign exchange differences and all EURO and USD transactions during the period are converted to Sterling at month end exchange rates.*
3. *Foreign currency transactions occurring in AUD, CAD, HKD, JPY, NOK and NZD are converted into Sterling using an exchange rate as at the relevant date of each transaction. The 'Foreign exchange gain/loss' line shows the effect of changes in exchange rate when physically transferring funds from these foreign currency accounts into Sterling accounts. Further, this line includes a foreign exchange gain/loss during the period, representing an adjustment required to net EURO / USD receipts and payments in order to equate to actual cash balances held in those currencies.*
4. *Cash taken over represents monies belonging to KSF and previously held by certain third party banks. These funds are now under KSF's control.*
5. *A combination of capital repayments, interest and fee payments from the Property Banking loan book.*
6. *A combination of capital repayments, interest and fee payments from the Private Banking loan book as well as cash received from guarantees and swap settlements.*
7. *A combination of capital repayments, interest and fee payments from the corporate loan book as well as cash received from warrant cancellation and swap settlements.*
8. *Monies realised in respect of claims accepted in the estate of Kaupthing hf in accordance with the terms of its composition agreement.*
9. *A combination of capital repayments, interest and fee payments from the Asset Finance subsidiaries.*
10. *This represents payment for services provided in respect of businesses that have been sold or transferred (SFIM, SAF and Edge).*
11. *This amount relates to money received post administration in respect of tax bills paid in July and August 2008 on behalf of various Asset Finance subsidiaries and subsequent tax refunds received. During the reporting period, the Administrators were advised by their VAT colleagues that due to the Company's trading position, KSF could not reclaim any VAT from 1 January 2019 onwards.*
12. *This represents receipts from the sale of shares and dividends.*
13. *This is the product of closed Financial Instrument positions including ISDA valuation settlements, Bond maturities and Coupons, Repurchase Agreements and Equity Swaps.*
14. *The movement in the inter-account cross currency receipts and payments is mainly attributed to the transfer of funds held in the foreign currency bank accounts into the Sterling account to facilitate distributions to creditors.*
15. *This includes sundry debtors, interest received and miscellaneous receipts such as proceeds from the sale of property, chattel sales and fee refunds.*
16. *Supplier payments in relation to ongoing costs including expenditure on IT.*
17. *This represents payments for staff wages and related expenses.*
18. *These payments are the granting of new facilities or payments provided to existing customers across the loan books in respect of loans which have open facilities funded by KSF where the Administrators have assessed that the further drawings will enhance realisations or reduce potential claims.*
19. *Legal and other professional fees relate to legal advice obtained, court proceedings and litigation conducted in connection with various issues across the administration. Professional fees paid to SFAM are also included in this line.*
20. *Administrators' fees and disbursements relate to amounts actually billed during the current period and, therefore, differ from the amounts incurred in the period as per the SIP 9 in Appendix D.*
21. *These figures represent treasury derivatives close out agreements between KSF and two counterparties involving FX, Interest rate and Equity Swaps.*
22. *These payments were released immediately after appointment and before any stop could be placed on them.*
23. *The closing balance represents total receipts less total payments, including all foreign exchange movements for the period from 8 October 2008 to 7 April 2021. Further, during the period of administration, third party funds totalling c. £86.8m have been received and returned, which do not form part of the estate. The Administrators return funds to third parties as soon as reasonably practicable. The closing balance includes c. £242k of dividend payments which have been returned to the Administrators due to incorrect or out of date bank details held for creditors. The Administrators are contacting all creditors concerned in order to return these funds.*

Appendix F Charging and disbursement policy

Administrators' charging policy for fees

The size and complexity of the assignment has necessitated that the Administrators put in place a team of Ernst & Young personnel including specialists in financial services, real estate, taxation, systems and IT, HR, communications and other advisory services, as well as core restructuring personnel. The work required is delegated to the most appropriate level of staff taking account of the nature of the work and the individual's experience. Work carried out by all staff is subject to the overall supervision of the Administrators.

All time spent by staff working directly on case related matters is charged to a time code established for the case. Each member of staff has a specific hourly rate, which is subject to change over time. Where the Administrators utilise the services of specialist departments within the Administrators' firm such as tax, these departments may charge a number of hours if and when the Administrators require their advice. These rates will vary and may exceed those of the Administrators' restructuring staff.

The rates used by the Administrators may periodically rise over the period of the administration but are, however, subject to the agreement of the Creditors' Committee.

Administrators' charging policy for disbursements

SIP 9 divides disbursements into two categories:

Category 1 disbursements are defined as specific expenditure relating to the administration of the insolvent's affairs and referable to payment to an independent third party. Such disbursements can be paid from the insolvent's assets without approval from the Creditors' Committee or the general body of creditors. In line with SIP 9, it is our policy to disclose Category 1 disbursements drawn but not to seek approval for their payment.

Category 2 disbursements are charges made by the Office Holder's firm that include elements of shared or overhead costs. SIP 9 provides that such disbursements are subject to approval as if they were remuneration. It is our policy, in line with SIP 9, to seek approval for Category 2 disbursements before they are drawn.
